

DEPAUL UNIVERSITY

JARVIS COLLEGE OF COMPUTING AND DIGITAL MEDIA

Ph.D. APPLICANT INFORMATION SHEET - Computer and Information Sciences

FIRST NAME:

LAST NAME:

EMAIL:

INTENDED STATUS: Full-time Part-time

FUNDING:

Do you anticipate receiving any external grants, scholarships, or fellowships? Yes No

Do you wish to be considered for CDM funding? *(Fall full-time applicants only)* Yes No

Are you also open to a non-funded acceptance? Yes No

RESEARCH INTERESTS:

Please rank up to five research areas of interest, in order of importance to you (1 being most important). For more information on each research area and affiliated faculty, please visit: <https://www.cdm.depaul.edu/Faculty-and-Staff/Pages/Faculty-Research-Areas-SOC.aspx>

- Artificial Intelligence
- Computational Biology/Bioinformatics
- Cybersecurity
- Data Science & Visualization
- Database Systems
- Distributed Systems
- Game Studies & Entertainment
- Graphics & Animation
- Health Informatics

- Human-Computer Interaction
- Information Systems
- Intelligent Systems Engineering
- Networks
- Programming Languages & Systems
- Robotics
- Software Engineering
- Technology Education
- Theory

FACULTY ADVISOR:

The [School of Computing Faculty Research webpage](#) can help you identify potential faculty advisors that align with your research areas (scroll to the bottom of the page for a list of faculty members involved in each research area - click on the faculty's name for their unique contact information). **It is the doctoral candidate's responsibility to establish contact with potential faculty advisors prior to application submission.** Below please list the names of CDM faculty that have agreed to be considered as an advisor.

FACULTY NAME(S):
